Hi as you can see I'm still alive, I've been dealing with internal bleeding. First, it was a vein in my neck now it's worse veins everywhere internal bleeding in my chest my arms and my legs, stomach as well. The pain from a one to a ten on how I feel is a ten and been feeling nauseous and feel faint all the time. I have trouble moving my body and my heartbeats weird the hospital gave me some blue energy liquid intravenously called methylene blue. For side effects, it said unusual bleeding and I called the F.D.A. and they said the injection was not approved now you know why. I've been looking into a brain injury care center to spend some time in and the internal bleeding is still happening today but hope and pray for some recovery.

Umass memorial gave me energy and burst a vein in my neck and continues to attack me I'm suing for two million five hundred thousand dollars
